### RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor y the time you read this the McFarlands will be ray "around the horn" on a gas-propelled land-

There is nothing wrong with the "schooner." It is mod-well-equipped, comfortable, with reclining seats, two tables and built-in radio.

A couple of comely airline stewardesses would not come units for after all there are some single guys aboard—or are there? If not and the players' wives read this—we're only kidding. We remember only too well that 'baroness' item we sent from Switzerland last March.

As we said it is very comfortable aboard this modern bus-can sleep, read, listen to whatever the various disc joc-have to offer, play bridge or indulge perhaps in a spot emp ante.

Don't take the penny ante too seriously. After all the boys play for pennies, and when the coppers run out they use buttons. That's the reason some of them leave the bus with their hands in their pants pockets, if they don't

The bridge game is different. It is held under the eagle of Professor Lou (Culbertson) Smrke, who conducted trail successful schools in Europe.

His "sindenia" are "Wiener" Brown. Bart Bradley I Gordie Bell, with others occasionally sitting in... The occasionally the studes take a and out of the maestre and his podner.

Many people review their Will at the beginning of each year. Your executor may have moved away or become ill or become unable to give sufficient time and attention to administer your estate. In view of the considerable changes in dollar values your Estate has probably changed in value.

You may have given too many legacles, or too large in amount, under your Will and have deprived your wife and children of sufficient to provide for their care and keep. You may have to adjust some of the shares going to beneficiaries. Births, marriages and deaths in your family may have made your estate plans obsolete. Increased succession duties and income taxes may affect the estate plans made by you for your family.

Your Will is one of the most important documents you will ever be called upon to sign. If you have a Will, we suggest that you review it now — and if not make your Will now and appoint Victoria and Grey Trust Company as Executor.

### Riches Can Make Serfs

We do not suppose there are many rural residents in Ontario who own real estate assessed at \$108,751, but se who do had better have a care. They would be rell advised to bow low whenever a township councillor looms into view. They are his serfs. And he wills it, he can condemn them to virtually perpetual toil on the highways and byways of the municipality, seven days a week, 52 weeks a year and as many extra days as are sary to total 385, with one-day off every Leap

### RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

By Usio. 14. LastWist.) Sopria Edisor In 1988 a casilized Kilchene Dulchene seniler "A" bockey irem, their sheelders draped with the logus of Allan Cap viders, left for Certina, last, as Canadian representatives in the Olympics heckey locarament. Complement Canadian critics leaned back "Min a "just-soblet-world-victory" attitude. They signed "I told you "when a well known Eastern Canada port writter, also I logus as a footiety observer, wired back, "The Dulchenett II double the scene on any of these European clubs."

A few weeks later a surprised, startled Canada couldn't believe its ears. The favored Dutcharies had not only failed to bring home the champlenship baceo but were soundly beaten by the Russians. And pouring sall into the wound was the fact the Canadians had bowed to an American team and finished in thirly later.

As of new, the odds are ten to one that it will.

We doubt, that unless reinforcements better the those announced, are fertheoming, the present edition the Dutchmen could not best their 1956 hometown cou-terparts let alone the Russians, Swedes or Carcha. As you can chuck in the Yankees for good measure.

For one thing the Russians, Swede sand Czechs and even Yanks are at least fifty per cent better than their 1936 ads that played at Cortina.

At the moment there is serious trouble in the Du men camp. Coach Bill Durann realresd the other and competent men, approached by the Dutchmen m agement; refused politicly to take over the job.

The Dutchmen need help. And the two main sources m which it can come, have turned their heads with a

The "pros" figuratively told them to go jump in the lake while the Canadian Arusteur Hockey Association turned thumbs down on ordering player help, although kicking in a few bucks.

The Dutchmen are in practically the same bost in lock the McParlands found themselves a year age. It is brought home with tremendous impact that repre-citing Canada in Prague was not a national job, but that a community of 25,000 souls. The city procured the m, wun the championahip—but at what a cost?

A Kitchener representative said the Dutchmen is Can-r's national team which must represent the country at the remplex. "Maybe it's too big a job, but we have to go and with it."

However, the Dulchmen are faced with the problem of ng a team that can at least win for itself a spot in the senior playeds. They have just emerged from a dismal slump this writing they have no cosch.

Len (Kitchener Ecoord) Taylor says: "As of the at the Dutchmen are discomfiled, disparaged, di ized and by the look of things at times "disorganis aries have had something to go with the elimition y aren't the big answer which, we suggest, is the l leafer."

Perhaps the root of the trouble lies in the wacky a plication of Olympic rules as they apply to different in tions. We understand as "anusteur" is one who confors to his national requirements. In Canada, as whe se before, pros are those who have played for profession

There are no "professional" hockey teams in Europe, nt they are the best in the country, subsidized by their overaments, taken off their jobs some months before a urmament and live sid train forether as an entity at no set to themselves.

We trust the Dutchmen will ice the strongest team enler "A" hockey clubs can produce. We hope they gring back to Canada the Olympic championship.

But as Flatbuth Fanny said after she moved to the Bronx d heard that Brooklyn and the Yankes were to play in world series. "Me heart is wit da Bums, but me money's da Yanks."

## Macs Drop Weekend Games To Dutchies, Bulldogs

### Drop 8-4 Tilt to Kitchener Then Bow to Windsor 4-1 In Wild Sin-Riddled Battle

McFarlands saw their pisyoff

over the weekend when they accepted their 22nd and 33rd losses of the season in Kitchener send Window.

The Macs took an 8-4 drubbing in Kitchener on Saturday night, blowing a 3-1 teed in the process, and lost a tough one 4-1 to the Buildogs on Sunday afternoon in a wild and woolly affair before 3.30 draws.

While they deserved Saturday night's detest from the Dutchmoth McFarlands played very well Sinuday; despite the fact it was their thing sume is as many days. They had a sertificial edge in play for long minutes on end but the fact that the, Bulldops made the best of their opportunities and the Maco didn't, tolls the tale. Don Head in the Windsor net had a lot to do with the outcome too.

The Macs, eleven points back of fourth place Chatham Maroons, play their next game here Friday against the Buldoogs. In the meantime it is expected Captain Flood Crawrond will visit a doctor to learn the extent of a face injury received in Chatham Friday night.

Crawford was hit in the side of the jaw by a hard shot. His face still carries the impression of the puck but he played in both the other weekend games.

TOTAL SELLING in terms of advertising means reaching the MOST people in a designated market . . . with the greatest selling impact. On both counts, this newspaper is your TOTAL selling medium. PROVABLY (not "possibly" or "probably") this newspaper provides a larger audience for your advertising message than any other medium . . at a lower cost per thousand. Even more importantly: this newspaper delivers your message in such a manner as to produce results, faster ... which is what we mean by SELLING IMPACT. This is true because most people use the advertising columns of this paper as their buying guide ... purposefully study the ads to find out WHO has got WHAT for sale and for how much ... actually START their shopping in the pages of this newspaper. If you want to take your place on their shopping lists, the best place for your advertising is right here!

#### It Takes A TOTAL Selling Medium To Push A Sales Curve UP!

Today's market for almost snything you can name is rich, responsive, rewarding . . . BUT highly competitive! To keep sales mounting under such conditions calls for a TOTAL selling effort. In particular, it calls for the use of the TOTAL selling medium,

No other medium covers the advertiser's TO-TAL market so thoroughly . . . no other medium delivers his message with such powerful selling impact as the newspaper, Most shoppers check the ads in their newspaper, last thing before setting forth to buy. This gives the newspaper advertiser the opportunity to put in that all-important last word for himself, the word that pays off so handsomely in SALES.

RARE, MEDIUM, WELL-DONE By Geo. H. CARVER, Sports Editor

POGS HERE TONIGHT! The Windsor Buildors will be the formen of the Macs tonight in Memorial Arena and a wild, howling pack they're liable to be.

In the first place they're holding a grudge against th Hildebranders after that rootin', tootin' brawl down in Wind sore last Sunday when Chazewski snapped a few Buildon muzzles.

In the second place they have been thumped twice their arch enemies, the Chatham Marcons, after a win tak that saw them score ten victories.

Uncle Lammy Lamirande, out with a groin injury, is mighty unhappy. He is liable to sink further into the depths of grief after tonight's tussle. For one thing the Mace will be out there playing hockey tonight. They have got to win this one for prac-ically every game from here in will have a bearing on their playoffs prospects.

They have been showing plenty of spirit and desire in their workouts this week, and it is hoped tonight's name will see a new era started for the team that wears world champions" on their jerseys.

As one writer puts it: "The McFarlands remain the As one writer puts it: "The McFarlands remain the hard-lock team of the loave, to loning most of their rances by small margins.] True they do not loc the club that won the world tournament bot they will have a team, on paper at least, that stacks up favorably with any of other four clubs. Frankly the Maces are a much better club than their record to date indicates."

The Macs' record to date is nine wins and 23 losses with 24 genes to play. Two of these games are "four-pointers" with the Kilchener Dutchmen, but there again the luck of the Irish, what will be Irish, or whatever it is, is against them. They meet the Dutchles in the last two homes and home games of the schedule when the Kilchener team will lie its Olympies line-up.

Wrote sports editor Jack Dulmage:

"They say that if you can tell the difference between a hocker game and a street fight, you can learn to be a referred, if you can't tell the difference, you can learn to be a hockey player.

It might very well be necessary for the Children's Aid Society to provide foster care. If you were around you would be, quite naturally, very much interested in the kind of home available to him. You might even suggest someone who, in your opinion, would offer kindly and loving care.

BUT, you might not be around . . and in that case standing would be in exactly, the same position as most of the children in the care of the Children's Aid Society. He would have only the Society be concerned about him.

The Society needs foster homes!

Good foster parents are ordinary people. They come from all walks of life. Be-

cause the society is ever-mindful of its responsibilities, it has certain standards to which foster parents are expected to comply. They are, we assure you, purposeful, and reasonable. In this area alone there are more than 100 foster homes in daily use.

If you are married, in good health, between the ages of 25 and 55, and would like to know more about what is involved in foster parenthood, telephone Belleville WO 8-5704 between the hours of 8.30 and 5.00, Monday to Friday and ask for the Homefinder, Miss Payne. She will be pleased to tell you of some of the pleasureable experiences of foster parents presently caring for children.

# Sport Slices RARE, MEDIUM, WELL-DONE

By Geo. H. CARVER, Sports Editor

As far as the Windsor Buildogs were orything went to their Head last night.

At least a tremendous amount of Mac rubber did with e clever goalle fanning on seven of them. He lost his chique somewhat in the latter part of the librid period nen his boss, Lammy Laminade, lost his head and was nashed to dressing-room oblivion.

List week Lammy hung a lifty-dollar fine on his lackadalsical puck pooches for poor play, that is, with the exception of two. He should tab himself a hundred offer his foolish display of argument with the referre which cost him a minor, misconduct and game misconduct.

A game misconduct means confinement to the dressing m and Lammy's ruse of pulling on a topcost and soft hat disguire himself did not materialize.

There was a touch of heartache, too, for veteran liockey fams. That occurred when Gordle Bell, his in-jured eye paining him, mixed a straight shot. Gordie pulled himself out of the game at the end of the first

booing of Bell by a few nliwit fans. Gordle has been one of the mainstays of the club and one of the big fac-tors in its winning the world title. If was not inability that caused the goal. He did not see it.

Last night could have been Gordle's swan-song as a galle. We could not contact him at the uncody hour this is being written, but it. J. McFarland's later announcement that he had secured the arrives of Boheschie, fargrarity of the Springlield Indiana and Kingston seems to substitutiate that thought.

But what hit the fans with such stunning impact was the fact that McFarlands refused to play "dead dog" to the Windsor mastiffs after being three goals down at the end of the first period.

They came out with flags flying and guns blazing the second period, and literally blasted their fil-luck out of the way. They hit hard for two goals to narrow the margin before resting for the third-period bombardment.

Whatever their faults in the past, last night, they were a never-say-die refuse-to-be-beaten club. They saked, checked and double-checked like the champions they used to be and the fact they scored seven goals to a ningf return is evidence of the consistency and ferocity of their effensives.

Perhaps the happiest fan in the arena was "H. J." himself. He took over the public address system after the second period when "his boys" accred two goals, to cut the margin to 3-2.

He said his was glad to see so many fans out and was proud teed to see the boys "coming through."

"You, like me, will be mighty proud of them before season is over," he said.

He paid fine tribute to Gordic Bell. "No better goalie ever stood in a Belleville net," he said. "We are proud nim because of his outstanding efforts in bringing the id champiouship to Belleville."

"I am doing my best to bring a roalic to Believille as d as Gordie Bell. I am standing solidly behind the s, and if you stand behind me I shall be proud to ad behind the people of Prince Edward, Hastings this city."

From the press box the crowd appeared to be the la-ce the opening of the season. The "bull-pen" at the st of the rink was crowded with youngsters, the gues Parland, and who came with a parent. The Macs naked for vocal support.

Nor did the game lack a moment or two of comedy

RARE, MEDIUM, WELL-DONE By GEO. H. CARVER, Sports Editor

Aged, but still salty tears, are dripping into the schupers of feam in Broaklyn bistres, belies and taverus. There sain's no jay in Flatbush for they are tearing down Ebbeta Field.

Baseball never had anything quite like Rebete Field and the little of th

Only in Flatbush would Babe Herman have doubled into a double play. He would have tripled into a triple play but there was no one out at the time. And only a few of the faithful were surprised when three Dodgers occupied third base at the same time.

Uncle Robbie was the patron saint of Platbush and Ebbeta Field. When this respecter covered the 1385 Dodger-Yankies series, we noticed the monument placed to his memory in centre field. The bronze plaque bore bold lettering, "Wilmer Robbison." Only in Flatbush would they spell is meme wrong. It should have read "Wilhert Robbisson."

The diffiness began way back in 1913 when Ebbets Field had the "gran" opening.". Throngs were on hand early and then it was remembered that somebody had forgotten to bring the keys "to the jernt." RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports' Editor According to a story from Eingsten all is not well with he Limestone City's first venture in professional bocks;

It could be, laments sports editor Don Soutter, that fo first time in ten years a Kingston team will not be in

He asks, "whose fault is it . . . players, chuch, man-ment, league or parent club."

Referring to the players, Soutter says they are doing their, but it is difficult to ignore the obvious handlesp that again with six roadies in the lineup is competing with tran clubs—Hull excepted.

The sparie office believe that the league president ward Housen and staff, can hardly be blamed for King-vis lowly position in the standing. But, be points ovi; by supposedly to come from National Hockey League be hearst materialized. Eingston and the Sunt have ded help for mouths. It hearst been offered.

"Houston, the personal pick of NHL president Clarence Campbell, hasn't done anything exceptional to warrant his stipend (45,000)," Souther charges. "In fact his ten-day de-lay in giving a certain ruling makes it a safe bet he had to confer with Campbell before coming to a decision."

"It's had enough Campbell being a pater for the Na-tional Hocky League owners without Horston being on the string as well."

Soutier goes on: "Hever a hockey club was led down the garden path it has been the Frenhenne. All Kingson has been for Boston in a place to position lie Quebe 100key Legoo challels, its over-age annateur properts and as a persion plan for a sill valuable player who has performed meritorique service on behalf of his NIM owners.

"If the blame lies anywhere it is at the feet of the Boston backer operators." They have yet to send a play-er here since the season started. Instead they have falled to meet their obligations."

Before the season started, Soutter writes, Kingsto erators in the midst of a \$20,000 fund raising drive told, "you get the money, we'll supply the players."

Chief Scout "Baldy" Cotton said in Kingston, "You should have 25 players at training camp." Seventoen were on hand and these included three from last year's amateur

Any requests for assistance, Soutier charges, have m met with a "We have problems, too. In fact Cotton I a week app. Kingrion should finish first. This sup-edly, was to take the place of a left winger."

"In brief," he goes on, "the Boston tieup has been a

He says that Orval Tessier and Cal Gardner are two of best hockey players ever to play in Kingston in the past years. But there aren't enough of their type.

Kingston fans have had playoff hockey for the past nine years. For the past four it was of the erasts quality— an ensured playoff bertin before the season started,

In the preceding five, Soutier points out, the fam-wed their appreciation of competitive entertainment by turning out in force. In 1952 a record of 13,371 pay ing customers, an average of 4.457 a game piled through the turnstiles to see Kingston defeat Woodstock for the senior "B" championship.

In 1835, 28,000, or an average of 2,300 per game aided 19 playoff games when Kingston won its second alor "B" title of the fifties.

These same people live in Kingston. The hockey is fer today than they saw then, but a five-year drought

Only a winning team will restore it, says Soutter,

In one series called "The Hyporrisy of Amateur Hecker," published by a Heytown daily, the Dutchmen were tabbed as "liars and hyporrites," among other back-stabbing nomenclature. This was in reference to the Olympic oath.

Recently they hit the headilines again when the metro-politan press published a story given thom by Dick War-wick of the Warwick brothers, paintarish of professional hoc-key. The story also quoted young Cliff Pennington, Film-Floor, junior gate with the Dulchmen, who was reported as saying there as "dissension in the Dulchmen camp."

Pennington denied making the statement and proved by scoring two goals in the Duschmen 5-2 victory over Windsor Builders Wednesday night.

Warwick, in our books never better than a co

This is common in the Communist satellite countries, was apparent in Czecholovakia, if you watched slose-but not to the exaggerated extent illustrated in the trwick story.

Warwick's sour grapes stillinds was not necessary. Al 33 he's been around bocker long enough to know when a player is in shape and of the necessary cullier. Anyway we're quite willing to take the Gonan-Boster vertice. Anyway to the affair. And backing their judgment is Lamma Lamirande who said "Windoor does not want him, he's only average."

But back to the Dutchmen-Macs game. It was not initely known at this writing if Bob Senior will be illable for duty with the Macs tonight.

Anyhoo, somebody has got to clip this Dutchmen win g streak, and it may as well be the Macs. Heaven know

Tonight's till should be one of the tightest clashes of season. The veteran Boat Hurley will likely guard the ap for the spars-ribbers and with the rest of the club ing the crest of a victory wave, the Macs will have to be their best hockey behavior to guzzle the Gomanites.

And, Shades of the Beautiful Baroness, look who's coming with the Dutchmen! None but likeable Billy Graham, ex.McFarland, Hamilton Tiger-Cat, a slow-skat-ing, but effective hockey player, and a nice all-round guy. There'll be a few reunloss here touight.

Your booy is a macanne with computated parts. A physician has to devolv years of study to learn how to keep it functioning properly. It is important that medicines be safely potent. That is why pharmacists are now required to attend college of pharmacy for five years, before being licensed to practise pharmacy.

To obtain medicines from people ignorant of this necessary knowledge can lead to mis-fortune. You are safer when you consult a phy-sician for guidance and secure all medicines and health aids from a pharmacy.

# PROCLAMATION "Do It Now" CAMPAIGN

Whereas there is a regular falling-off in construction employment during the winter months of January, February and March, and

Whereas there are many construction, altera-tion and repair jobs which can be readily performed during these months, and

Whereas many of the skilled tradesmen current-ly unemployed would welcome the opportunity of performing this work at this time, and,

Whereas by providing work for tradesmen in their slow period of the year, you would be helping not only the tradesman but your city, your country

Therefore, I, A. McLean Haig, Mayor of the City of Believille, hereby call upon all citizens to support to the limit of their ability the Government-sponsor-ed "DO IT NOW" CAMPAIGN.

Dated at the Mayor's office, A. McLEAN HAIG, January 15, 1960. A. Mayor

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

Many speculations are being aired and written about Russians sending two teams to this side of the pend; to tour Canada, the other to represent the Soviets the Squaw Valley Olympics.

So let's start at the top and work down

You can put this in your pipe and smake it. ?

ARE two distinct separate teams. And the team
team Canada will NoT be the club that represent

Refs. at. Sense Valley. It could be that perhaps
or three players of the tearing Mescow Sciects will
join the matienal squad.

This drow an indignant pair of paragraphs from Gerry Blair, brother of the mighty masetre, pinch-hitting for the sports column. Young Master Blair said it was not fair to pend an under-rated team to play the Allan Cup wilmers of Whitby. The Dunlops rated the best Russia could pro-duce, or words to that effect.

Come, come, Mr. Blair, didn't the Brockville juniers ian the Dunnie hide the other night, 6-4, after helding a 5-9 edge at one time?

Another columnist writes: "Why for instance is the Russian Olympic equad not going in few serious Canadian per-lournament's opposition in order to sharpen its puns?" Is to utright contempt for the need to do so because the Russians don't believe the Canadians can field a dangerous erough team in an Olympic year?

Brother, we have news for you

The Russian Olympic squad won't need any "Can-adian pre-teurnament sharpening." What do you think they have been delar for the past six meeths, watching the Ballet Russe, guzziling wolks and tripping the light fanisatio on the steppes?

They have been dut there on the ice some five or six hours daily, practicing, practicing and practicing. And they have been paying particular attention to the tricks they learned from the Canadian teams, especially the Dunloys and the McParlands.

And no capitalist scotts have seen them in action.
You can lay to that. They do their training in secret.
In Frague last March they refused to be billeting in the
literational Hotel with the other five tournament issues.
Instead they skept as a hostelry sense miles suit of the
city. No blinkin' capitalist was going to got some them.

And when you see the Rubsian you will see a team in the perfect pink of condition. There is neithing this side of the water can equal them in this respect. They will be so fincly drawn they couldn't raise a sweat in Mexico City on a summer alternoon.

Two of the Reds' first string line are back, including veteran centre Alexandrov and his right wing Loktev. clever junior, Almetov, rounds out the line.

The Reds have a brand new line drawn from the Wings of the Soviet," crack Mescow squad. They are Byrchkov, Grebbennikov and Tritianov. Don't bother reeding them to the missus. Just ancese 'em.

On a third line are two veterans, Yakishev and Gros-ev, rounded out with a promising youngster Petukhov, we veteran substitutes are Baulin and Pryaxhnikov. Others re Siderenko and Kuchebsky. Yorkin is the sub-gosile.

Then there is the wily, crafty, veteran coach, Ana-Twelve of the team played against the Macs last year

There are: Pucikov, Yorkin, Sologubov (Solly) Tregu-, Sidorenko, Ukolov, Loktev, Alexandrov, Yekishev, shev, Baulin and Pryazhnikov.

And don't kid yourselves. These Russians have one of the best defences in Fachkey, Solly and Trebby in the secondic ansateur nackey world. Up front the veteran Alexandrov is Mr. Peison in front of an enemy net. He can skale like a demon and pumps pucks like a bren you. He's the boy the Canadagamps pucks like a bren you.

The Russian Embassy release gives the players' weights. The team average is 169 pounds. Gad, they looked bigger than that last March.

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

Geman made no effort to express and show his dis-use at the attitude of the Matienal Hockey League's larence Campbell, when we talked with him in the sichmen dressing room last Friday night,

e NHL top-dog stated last week that the ar Hockey Association is not equipped sinistey a feam which could properly rep the Olympics.

"They suggest that we are unfair in our use we wouldn't stand aside and leave then

"The real point of the matter is that the CAHA or y of its clubs is not in a position to handle those play-property. Why should the gree trust that best ung fainst to not incompetent conching and manage. int, but certainly not the best." Campbell said.

Then he added that, "If they dropped the phony mateur rule I'm sure we could arrange to enter either they Leafs or Canadiana. As it is our best hockey players we not in the Olympion."

"The last time Kitchener played, one of the players wis Lee) had to see the club for his money." Campbell god. "Who trusts an amateur club to pay these players serily? As long as the CAHA insists on taking part in bony annateur tournament, that's the position the Naul Hockey League will have to take."

The Goman eyes anapped when he repeated the statement. He answer was simple, terse and straight to the point. "That," he said grimly, "is nething but a baid-faced lis."

"Many top players in Canada have remained in amateur key by reason of choice, not because they could not the the professional ranks. Bobby Bauer, for example, is all or superior to any coach in the National Hockey sgne."

A stery from Sudbury says the Czechoslovakian na-nal hockey (sam will play in Canada early in March, arys the Czecho will play five games in Onlarde, one in bbury. Another has been offered the Belleville Me-riands but if the "world champions do not want the so, North Bay will have priority."

Tonight the Russian team, the Moscow Selects, play we Whitby Dunlops in Toronto in the second same of their The Dunless, according to their Whitby press agen are not too well pleased at being "ferced" to play "second-rate" team of Moscovites. It seems their stand in as 1393 Canadian national champions rates them it caviar of Rumian hockerism, not a berry of young useli

A tip to the Blair freres and Messrs. Gordon et al:

After all didn't they scare the sauerkraut out of the ter boys until they were able to pinpoint some of the waspe that were flitting around their heels.

And weren't the Duichmen aided and abetied, or at least had in uniform, the best line Whitby has, pits the league's ace defenceman, also a couple of unmursted Windser Buildors to help Canada put its best backey foot forward?

But that chub was Russia's national team, Comrades ly, Treggy and Alex and company. The current Se-s are a group of Russian Juniors, their ranks swelled by re or four "voterans" expected to join the Nationals as stilutes at the Squaw Valley Olympics.

Their tour of Canada at this time, we do not believe mere coincidence. They could have loured Canada is spring when the world fournament was being played Coecheslowskia.

Their games with Canadian teams, especially the chmen and Whilby, will give the "private eyes" a far ier insight into the Canadian strength than the mere uting of two Canadian squada in action.

And speaking of the Russian nationals, there's a piece so last issue of the USSR illustrated News published by Russian Embassy in Ottawa, that deals with international

"You it was not only the points fat mattered, What is more important was the course and result of the adact. USER grant was the course and result of the adact. USER grant within show that has concern the adact. USER grant within the Sovici team, and which median were strenger than the Sovici team, and which said the weaklonesses of these who had to center! meetive with the title of European champions.

"In addition," the article goes on, "the Soviet team had sufficiently strong reserves of young players, and the 2 of the struggle had to be shouldered by the veterans."

All of which infers the Russians are placing empa-in their pre-folympic training of body-checking, a well-anced bench strentth, and the use of well-trained, erienced forward lines.

As was said the Russians learned their weaknesses in world tournament last spring (from our seat they didn't ear to have too many), and are going all out to remedy

### Gillette Announces

# A Remarkable New Razor Blade

ILLETTE announces the new Super Blue Blade that we believe to be the most important advance in shaving comfort within the past 20 years!

This new Super Blue Blade aroused so much enthusiasm in our tests that we sincerely expect it to be one of the most talked about improvements in shaving history.

When you try this new Gillette Super Blue Blade, you will discover shaving is so much faster and requires so little effort you might actually wonder if there. is a blade in your razor.

No matter how tough your beard or how tender your skin, this new Super Blue Blade is unconditionally guaranteed to deliver the cleanest and most comfortable shaves you have ever experienced-regardless of what shaving

method you have used in the past.

For the millions of shavers who find the long-famous Gillette Blue Blade to be completely adequate for their shaving needs, we urge their continued use of it.

The Gillette Super Blue Blade has a radically new kind of shaving edge that requires extra processing. Because production is slower, the distribution of the new Super Blue Blade will be somewhat limited in the immediate future.

The new Super Blue Blade is priced at 69¢ for a dispenser of 10. It is also available with the new Gillette Adjustable Razor at \$1.95.

No words can tell you how fine this new Gillette Super Blue Blade is. You'll have to use it to believe it.

### It Takes A TOTAL Selling Medium To Push A Sales Curve UP!

Today's market for almost anything you can name is rich, responsive, rewarding . . . BUT highly . competitive! To keep sales mounting under such conditions calls for a TOTAL selling effort. In particular, it calls for the use of the TOTAL selling medium,

No other medium covers the advertiser's TO-TAL market so thoroughly . . . no other medium delivers his message with such powerful selling impact as the newspaper. Most shoppers check the ads in their newspaper, last thing before setting forth to buy. This gives the newspaper advertiser the opportunity to put in that all-important last word for himself, the word that pays off so handsomely in SALES.

Shopping Starts In The Pages Of This Newspaper, Which Makes It The Best Place To Start Selling

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

There's an old sports clicke that when a team is tering in the deldrums and show me sign of climb-out of the cellar, "Fire the Coach!"

That's what the Detroit Tigors did; that's what the New York Rangers did, and that is what the McFarlands have done.

Time will tell what it will do for the McFe

Tonight Gordie Bell, popular ex-gualic of the Mans, takes over the coupling roles from displaced like Hilde-

The McFarlands are in last place in the Ontario Senior
"A" Hockey League. Their record to date Is won 12 and
lost 25. They have 18 games left to play, including tonight's
tussle with the Chatham Marcons here. They trill the thirdplace Windsor and Chatham teams by 18 points.

A jot of people blame lke Hildebrand for the presen plight of last year's world champions. Others blam some of the players for non-re-separation. Yet others the club management can abouter some of the blame.

If Gerdle Bell can pull the team up by its bool-straps into a playeff berth, or get the major percentage of victories, especially on the road from here in, the players and management will be absolved—or will they?

Gordie Bell has one strike on the ball. He is ex mely popular with player and fan alike. What his senio ching potential is, has yet to be proven.

If he can get the team to produce its full potential from here to schedule end, then we shall have to admit that the major part of the fault heretofore lay with Hildebrand and the players.

One thing is certain, neither Hildebrand, Bell or management can make a hockey slik purse out of a 'z ext.

In poker you generally have to have the cards to w metimes you can bluff your way to a pot. In hockey, y it bluff.

At the start of the season the McFarlands had a trong team on paper, On the bench, they had prac-ically nothing.

Rumors fiew thick and fast. Billy Colvin, starry centre of the Kingston Merchants was coming. So was ex-Mac Johnny McElain. The fact is the team was left with one centre player, Bart Brafley. Roy Patidige also of Kingston, eams here and falled to make the grade. The Macs used an ex-junior McDougall from Peterborough.

Goalkeeping has been a bugbear of the Maon all sea son. In the first place a capable substitute realle wa not seared. Efforts were made, it was asked, to se-cure the services of Maru Zdwards. That did not ma-terialise. A Kingston goalle named Dodds was trie-out. He was sent home.

Then the insvitable happened. Gordie Bell, the old trusty, was seriously injured. The injury may perman-ently impair the sight of an eye. Bell has rotired from active play.

The last few games the faithful Turk Barclay, the b trainer has filled the goalle breach. Statements haven issued that negotiations have been made for Bob later, former Springfield goalle. He is supposed to are some time this week.

A the new casch takes ever. We wish Gording and the rest of the state of the control hands and wish shaded. The state of the control hands are not as a few control hands and wish shaded, and wish shaded, and wish shaded and well hands are not as a few control.

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor The Canadian Amaieur Hockey Association has de mied the work of January 22 - February 1 as "Mine key Week in Canada."

Right across Canada from the Atlantic to the Pacific key men will pay tribute to the work being done for minor

They will take time to pay deserving homage to the men who make hockey possible for boys—the men who are the volunteer workers, the managers, the coaches, the secretaries and the volunteer referres.

For without these men there would be no minor

In Ontario the observance is under the direction of Ontario Minor Hockey Association, the oldest, biggest best organization of its kind in the world.

The OMHA in turn is co-operating with other affiliates to make Minor Hockey Week a successful venture. It's executive members are busy lining up special programs in their respective districts.

Special Minor Hockey Nights will be held in prac-ically every city, town, village and hamlet with teams niered in the Oniario Minor Hockey Association and hat means pretty well all of Oniario.

Teams will be holding their own Minor Hockey Night, featuring special programs, important games, draws and prizes. The Belleville Minor Hockey Association has a special program under discussion.

one of the chief purposes of Minor Hockey Week is cus public attention on the physical, character-build-and other benefits for the youth of the country.

Recognized now as Canada's national game, hockey tesches the country's youth to develop a competitive spirit, co-operation with others, body-building and respect for authority. Milor bookey as the "feed-box" for topflight amaieur and professional clubs.

OMHA president Frank Dobirty says "Observance of liner Hockey Week is the best way I can think of to direct blue attention to the benefits of minor hockey to the youth d communities."

"We, along with the cities, towns and villages, are proud of the fagi that minor bocker has the support of many public-spined citizens and service clobs whose leve of bocker and borgs prompts them to contribute much ef-fort and time to the operation of minor leagues."

"These outstanding citizens are making a valuable outribution to the community in which they live, as does ur great game of hockey contribute entertainment and ecreation right across Camada."

Frank reiterates the slogan of Minor Hockey Week:
on't Send — Take Your Boy to the Arena."

This department adds another: "If you want to ke ur boy out of hot water-put him on ice."

## \* \* \* "A BOSE BY ANY OTHER NAME"

Certain quarters have objected to this column's use he word "fired" in the Ike Hildebrand case,

We queried like about it Wednesday night during the Me-ands' practice.

lke laughed. "Let us put it this way," he said. "If you are asked to resign from your job and you refuse, then the bost tells you that you are through, what would you call it?"

Hildebrand did not "dress" for the practice. Queried more than once as to whether he will remain with the Macs as a player, the former coach would give no de-finite answer. His reply, "I do not know. I haven't made up my mind."

BOOSTERS' NOTE

The McFarlanda' Bootler Club is holding a general meeting in the city hall toulght at eight o'clock. Prexy "Sulpe" wants as many there as can attend for there is some mighty important business to be transacted.

Lon's foursome the other night brought his total to if goals scored — and him to a place in the charmed ten. Of these 16 counters he has scored eleven against

He scored a hat trick and a "double" against them in the sugar-best city, and singles here and away, Tonight when the Macs visit the Maroons, Mons. Lou probably will be a marked man, but he's going to try for the "fiver"

Incidentally the McFarlands have won their last four some games, two against Chatham and one each against Windsor and the Kitchener Dutchmen. They have scored 29 peals in their last four home outlings but also gave up 19 to

A win for them in Chatham tonight is a "m the Hereck crew is the team the Bellingers must been for that fourth playoff spot. Actually, like last Wednes-day's game, the tilt touight is a four-pointer for both clubs. A win for the Mass will, cut the margin to 11 points behind the Maroons and Buildors while defeat will place them, 15 behind Chatham and 13 behind Windsor since the Buildogs and Marcons are stalemated in third

aspicious one. They played outstanding hockey roaring ack from behind a 3-1 deficit to score a convincing victory. don't forget they played great hockey a week ago when defeated the Kitchener Dutchmen in overtime.

We thought Bell handled the team extremely we from the bench. He had three compact forward lines, and kept them that way all night. He did a fine job, we thought in concentrating his team strength when the power plays were on, albeit they were quite rare.

We understand that Gordle has his own code of coaching chiles and that he has already informed the team what he wants and expects. He shouldn't have much trouble in this respect since, as has been stated before, he is popular with the players.

But the proof of the pudding is in the eating

Just for the record the McFarlands up to December had won three and lost eighteen. From that time to reduceday night they had won 10 and lost eight. Their resent mark is won 11 and lost 16.

Of this number the Macs have won eight and lost twelve at home and won five and lost four-teen on the road. Part of their present plight can be attributed to their failure to win on foreign ise.

What they can do on the road from here in will prove

If they hit a winning streak away, it means the team was not giving its best to Hildebrand, or that lke's coaching was at fault,

One thing is certain, regardless of who is at the m, the Macs have got to come up with winning bockey at home and away if they want to make the playoffs un-less other rumored arrangements have been made.

Their severest critics cannot the say McFarlands are not a good hockey club—if it wants to play hockey. The team has demonstrated its topflight ability in various games against every club in the league.

Gordie Beli has a big job on his hands, if he c the best out of the present material, plus a topflight then the Macs chances of making the playoffs the front door are very good.

Older people remember from past experi-ence that you usually get no more than you pay for. Anyone looking for a bargain generally pays more than the true value.

The Man from Manufacturers has just left this home. The talk was about the many reportabilities that affect the future: the family's welfare, the children's education, the peace of mind of financial security. And because it was a practical, belopid conversation "financial security" was spelled out in terms that give it real meaning to a family.

If you, like this family, feel that the future does not look after itself, then the Man from Manufacturers is ready to help you. SERVICE... starting with the initial, wise counsel on what Life Insurance is best for you to own!

The McParinois finally had all the obtacles to the sequitities of Gosile 800 Senier reserved. Senior, it is recalled, was the central figure in a controversy between Eddie Shore, Springfield Indiana owner,
and Irnia Genaus, amaager of the Richestern Dutohnen.

played but II games seconding to the record and for a part
of last season was sent to New Westminster, B.C., where he
played but IV games.

This season he refused to report to Springfield was queeded as saying he would rather dig dilches in home town. Kingston, than play again for Mr. Shore, kept his word as far as not playing for Shore goes, has remained at his home all this scason.

However, the Macs goalle troubles may be ended. Coach Bell announced over the weekend that Senior had been cleared with the Indians and the American League and was now the property of the McFarlands.

And in passing, some sect of tribute should be paid to "Tark" Barelay, the sifek-taping, band-aider, uniform-sorter, gum-dispenser, muscle-rubber, general factorum and trainer of the Macs, for a gallant job door as a pinch.hitter.

Turk never hesitated when called upon to step into the breach. He's that kind of a ray. And although he known, and say so himself, that he is not seniter "A" callbre, he did all that well-known ster could do—his best. And the Turker came up with a couple of stand-out performances at that.

"They feeled us a couple of times with their in-close passing play," said Mec. "Two of their young covaries would sheet-pass the purk almost is the crease, their when we expected them to shoot, I'll be darned if they didn't mas again right across Long John's state-saces. But we soon caught on to that play."

Two or three Russian veterans travelling with the Se-is, who played with the Russian world team last spring swed acquitances with some of the Macs in Kitchener other night when they were working out.

They shook hands all around and after looking over the Belleville team eagerly asked "Where Doo," Where Doo!" In puzzied lie and the boys for a minute until one of the English-speaking Russ said with a big grin, they want to know "Where is Devabury." They hadn't forgotten big Al.

The Macs meet the Kitchener Dutchmen next Fri-day and Saturday in their final schedule clashes of the season and both games are four-pointers. The Dutchies are here Friday, and the Macs book in Kitchener the fol-lowing night.

Unfortunately for the Macs, the Dutchmen will be at mpic strength, with the exception of Moe Benoit.

For Mor has fold the Dutchmen management he will not play with the Olympics team against the McFarlands. "Selleville is my team, and I am going to play for it in those learne games," he told Manager Coman.

Moe will likely leave Bellevile with the Klichener leam Friday night after the game as there are formati-les and red tage to be observed. But he says he will be in a Macs uniform Saturday night.

Their luck was dealt a back-of-your-hand over tekend when the fallering Kitchener Dutchmen yield r-point games to Windsor and Chatham.

The upsurging Buildogs took a large bite out ry riddled Whiby Dunlops, too, thumping them for at shellacking of the season by an 8-3 count.

That leaves Whithy still ruling the roost with fifty points, the Dutchmen in second spot, and three games to slar, with 46 points, and the Dors and Chatham stale-mated in third with 45 points. This Friday night the draw for the Squaw Valley tickets will be made between the second and third periods of the Mara-Dutchmen game. It is epiceted Mayor A. McLean Hist, and other prominent dignities will be prevent to take part in a presentation ceremony to the Dutchmen.

The Olympics team will be presented with a flora horseshoe bearing a "Good Luck" inscription. Special banners have been made and will decorate the areas. These also will bear "Good Luck" wishes to Canada's Olympic.

Olympics team manager Ernie Goman of the Kitchener butchmen is beset with puzzles, problems, worries, headaches, ockaches, ulcers and almost everything eise.

Genam is having his trushing clies.

Genam is having his trushing collecting players from
other clubs in the tengue—and after all you couldn't blame
the gray for blowing his tops. He leaves with the Dukshing and the gray of the county of the pre-polympies to the through
western Gandas, and not once thus far has the club
played as a whole.

The telephone wires fairly sizzled when Ernie called this ariment yesterday morning.

"I can't get any co-operation from anybody," Ernis mouncd. "I should have had the guys together for the past two weeks but the clobs are not willing to let them co. What do they think I am, a miratel man who is able to whip together a championship team at a moment's notice."

During a pause in his tirade he was asked if the Dutchmen were sending the Macs a replacement for Moc. That one really fired the fuse. The sparks almost off the receiver.

"Replacement?" Ernie roared. "Whalinell for? gave the Macs Billy Graham last year for nothing, have let them have Maniago. Replacement, the der Let the McFarlands pay their debts before asking more favors."

He was asked if he intended playing the Olympica line-up against the McFarlands in their home and home series Friday (here) and Saturday.

Ernic evaded the issue neatly. "How can I tell, when I don't know when they're coming," he said.

Kingston's Cal Gardner BURTON FIRES 20th

However, Gordie Bell said the Mars will stronely pro-test the use of Olympics rainforcement by the Dutchmen is their two final games of the scheduls. But if memory is correct, it seems the Macs used their world tournament line-up in the last couple of games last season. But they couldn't hurt any 'deam's playoff chances.
